

Concurrency - Processes and Threads - LTS

Alexandre David

1. Check with the LTSA tool that the different definitions of SWITCH (p13) give the same state machine.
2. Generate the SUM state machine for larger values of N (p 19–21) to see the limitations of the graphical representation.
3. Exercise 2.1.
4. Exercise 2.2.
5. Exercise 2.3.
6. Exercise 2.4.
7. Exercise 2.5.
